

Deer Park Hall ~ Freedom to Think

Deer Park Hall Conference Centre and Training Venue is one of the most beautiful Conference Venues in the Midlands. A great central England location with excellent access to the M5 and nearby rail links to London.

Deer Park Hall is bound to impress. Its elegant listed Cotswold stone buildings have been designed for today's conferencing. Deer Park Hall boasts 2 large conference rooms capable of seating up to 150 delegates, plenty of natural light, air conditioning, extensive audio visual equipment, free wifi, beautiful grounds to re-vitalise delegates, great food and beverages and most importantly a wonderful team of staff to help manage your event and ensure your day runs smoothly.

An event at Deer Park Hall will be a memorable event.

In addition we can offer a whole range of corporate activities organised within our 1400 acre estate, including a special selection of "Ice breakers and Invigorators" in our beautiful grounds (short activities designed to get delegates in a receptive mood for conferencing so that your message is retained).

We give you freedom to think and an environment that will energise your delegates and improve their concentration and retention of information. All this adds up to make a productive and memorable experience for you and your delegates.

"May I thank you and your staff for the excellent day we had yesterday. Your support and help was both unobtrusive and evident, and you carried the Stress of the day, giving me a Stress free time. Quite a lot of people asked me how I had come across this conference centre, and commented on its surroundings, the quality of the venue and the ambience. It proved to be an ideal location, which really does give 'time out to concentrate on the matters in hand."

Conference Plus

At Deer Park Hall we like to think that every event we run is a memorable one but if you are looking for something extra special or trying to add a little more impact why not consider some of conference enhancers.

Choose from:

Conference Icebreakers ~ a selection of short activities designed to introduce delegates and get them into a receptive mood for the day's events. Icebreakers usually only take about 15 minutes (dependent upon the number of delegates attending). One of our conference organisers can run the icebreaker for you or we will provide you with the necessary equipment for you to run them yourself and integrate them into the beginning of your presentation.

Icebreaker Activities are charged at an additional £20 + vat each

Conference Invigorators ~ a selection of short activities designed to re-energise your delegates and improve their concentration and retention of information after lunch when people usually hit a slump.

Studies have shown that by introducing delegates to a new environment and different stimuli for a short period of time they literally receive a 'wake up call' that puts them in a more receptive frame of mind for your sales pitch, training seminar or conference. We find they are most effective immediately after lunch – eliminating the 'grave yard presentation slot'. The activities encourage team work, bonding and lateral thinking and generally create an atmosphere conducive to learning. They are also fun!

All this adds up to make a productive and memorable experience for you and your delegates.

Invigorators usually start with a few stretches to get the circulation flowing followed by one or more of the following activities and last for between 30 -40 minutes to fit in with your timetable. They include activities such as:

Balance Beam

Pole Balance

Mini Scavenger Hunt

Mind Bogglers

Paper Planes

Turnip Tossing Quiz

Word Games

Blind Fold Square

Cryptic Challenge

Conference Invigorators are charged at £100 + vat for up to 30 delegates, for a 30 – 40 minute session

Alfresco Board Lunch ~ for Smaller Summer Conferences of 10-12 people why not make use of our pavilion and dine alfresco, to make your event even more special. Your chosen lunch will be served to you in our lovely gardens enabling you to enjoy the spectacular views and providing a refreshing change of scenery.

Use of the pavilion for your board lunch is charged as a supplement of £50 +vat

A selection of our most popular activities are described below with a relative price indication (£ being the least expensive & £££ being the most expensive)

<i>Air Pistols</i>	Great fun, but not as easy as John Wayne makes it look.	£
<i>Archery</i>	A traditional activity, very visual and competitive.	£
<i>Blindfold 4x4 Driving</i>	This activity can only be described as challenging and exciting. The views are breathtaking but you won't be able to see them as you'll be blindfolded and relying on your team mates to guide you!! A great test of communication skills & trust building.	£££
<i>Clay Pigeon Shooting</i>	Enthusiastic instructors, sensible targets and low recoil cartridges are the ingredients for a really enjoyable activity.	££
<i>Crossbows</i>	The attraction of this discipline is similar to archery, historic, competitive & visual, but does not require the same degree of strength.	£
<i>Falconry</i>	Participating Demonstrations make sure that guests are involved to the maximum. Unforgettable if it is the first time you have had a falcon or hawk land on your gloved hand.	£
<i>Gnat Shooting</i>	Shooting down Model Aeroplanes: The ultimate shooting fun. Shoot at aerobatic model aircraft, either make the pods explode or, with a bit of luck, actually shoot the plane out of the sky.	£££
<i>Hovercrafts</i>	Experience flying at ground level on a cushion of air, no license required to participate!	££
<i>Laser Clay Shooting</i>	A FULLY AUTOMATED SYSTEM PROVIDES AN authentic feel to this activity without the noise. Genuine de-activated shotguns, fire harmless infrared light at the flying modified reusable clays. Scores are automatically flashed up for all to see!	££
<i>Indoor Laser Shooting</i>	Shoot with a pistol, shotgun or rifle. Experience target shooting or shoot prey such as pheasants, rodents, big game, ghosts & ghouls! The choice is endless. The game can be set according to ability so even the sharpest of shooters will be challenged.	£
<i>Quad Bikes & Pilot Buggies</i>	Go trekking to the top of Bredon Hill and look out across the valley towards the Malvern Hills from 1000 feet up or test your skills and concentration powers on our woodland obstacle course.	£££
<i>Reverse Steer Mokes</i>	Sounds simple, just turn the steering wheel the opposite way than you are used to. It will take all your powers of concentration and co-ordination, especially against the clock.	£££
<i>.22 Rifle Shooting</i>	Shoot real rifles (not air rifles) fitted with telescopic sights for a challenging, precision discipline.	£
<i>River Challenge</i>	Build your own raft or simply collect the necessary equipment by completing a series of challenges to make you river worthy and navigate your team to the finish post in an open canoe.	£
<i>Team Building Challenges</i>	Various team building challenges, which will test initiative, imagination, managerial, communication and organisational skills to the full. There are plenty to choose from; Rocket Science, Toxic Waste, Blindfold Sheep Herding, Minefield, Giant Ski Slalom, Stepping Stones, Balance Beam and All Aboard to name just a few. Our instructors will help choose the best mix of activities for your event.	£

Our Spectacular Off-Road Course is also available for Instruction & Vehicle Demonstration Events (approved by Isuzu, Mercedes, Mitsubishi & Subaru)
